	1.	Prominent Communist Party members have recently concluded that it would be	ř
2	25X1X	advisable to go along for the time being with President Feron and his program of social justice and anti-imperialism	
25X1	2. 25X1X	The Rio Conference was followed with interest and impatience by the Argentine Communists. conversations with various leaders appear to indicate no concerted opinion on the outcome of the Conference. Apparently the Communists, had expected a much more vitriolic attack than they received. It is reported that the last few days have been marked by increased tension and not a small amount of actual fear in Communist circles.	25X1
